

Q: What license is necessary?

A: See Headings listed below:

Electrical Contractor:

When contracting with the public to perform electrical work an electrical contractor license is required. Only licensed electrical contractors may request electrical permits.

Master Electrician:

All electrical contractors must employ at least one master electrician. Master electricians are responsible for all electrical work performed under their supervision.

Electrician:

All electrical work must be performed by, or under the supervision of, a licensed electrician or master electrician. In order to work unsupervised; an electrical worker must be a licensed electrician.
